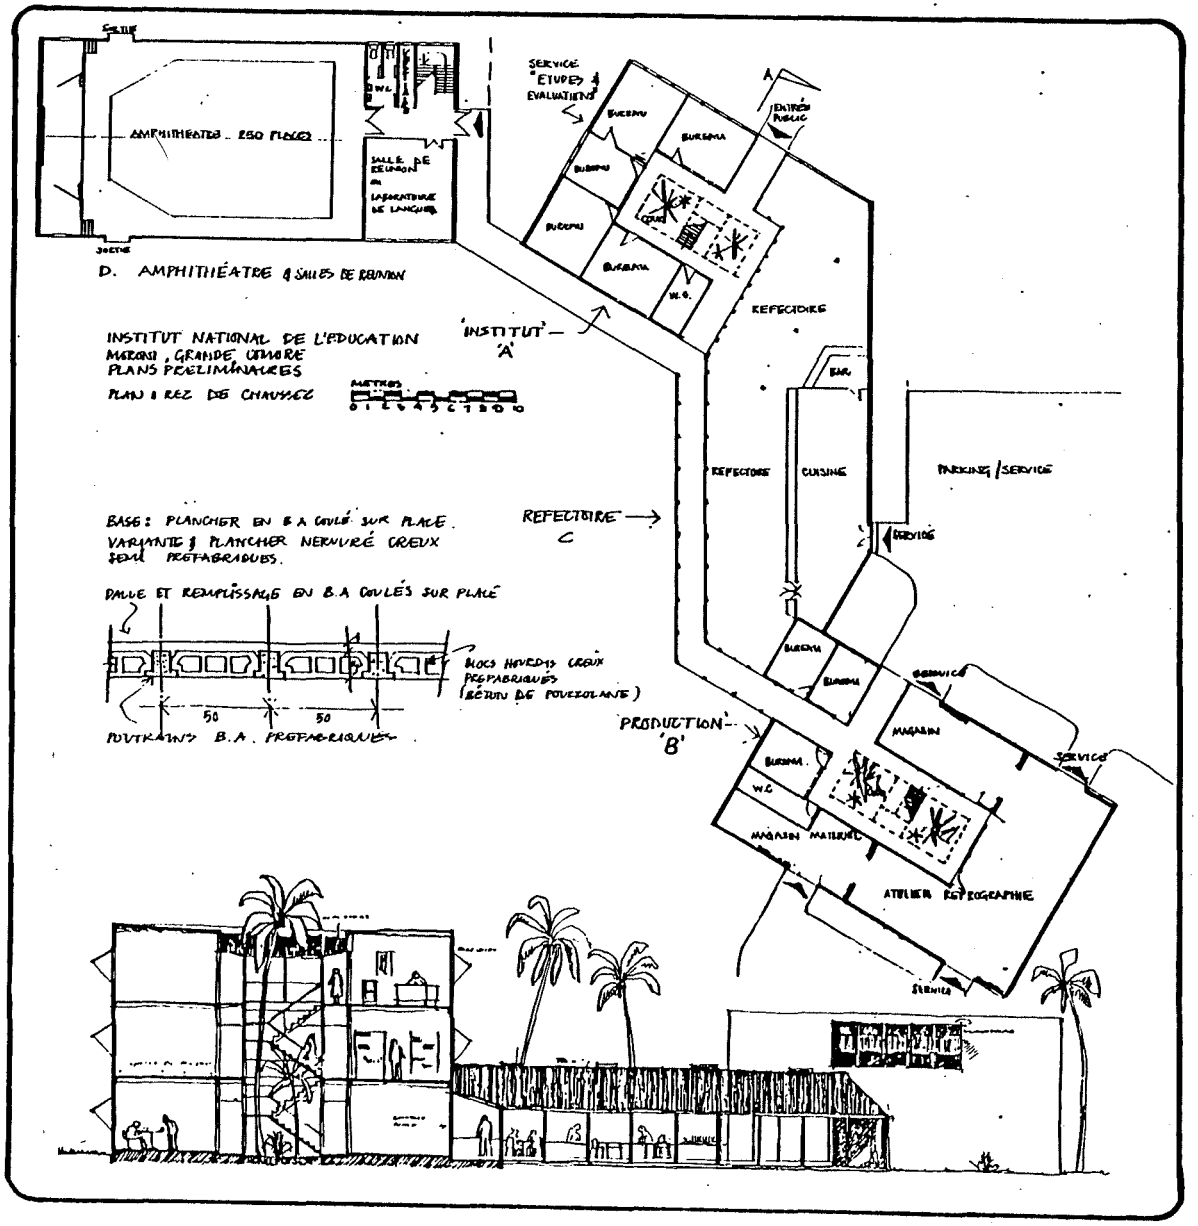
Development Workshop

project COMORES. National Institute for Education
Moroni.

client UNESCO Consultancy



Part of a Unesco Programme in the Comores in 1980, the National Institute for Education project included the selection of a suitable site, planning and environmental analysis, leading to the preliminary building design and cost estimate.

The Institute divided into:

- The administration block...444m^2
- Production of teaching material and radio service.382m^2
- Refectory.....240m^2
- Theatre.....318m^2

- Overal surface area.....1737m^2

Value of project: US $ 1 million.

Funding by the African Development Bank.
